# MAMA

## MADISON AREA MUSIC ASSOCIATION

Stephanie Erin Brill has been honored with the 1st Chair Award. The [Madison Area Music Association](#), [Heid Music](#), and [WISC-TV3](#) sponsor the 1st Chair Program.

The [MAMA 1st Chair](#) Award Committee spends many hours going through the dozens of applicants who are vying for this honor. The award recognizes young musicians with talent, originality, and contribution to school and community. It is an honor bestowed upon only a select few by the MAMA 1st Chair Committee.

[Stephanie Erin Brill](#) is a gifted singer songwriter often described as "TALENTED BEYOND HER YEARS" at the young age of 15. Calling historic Cedarburg Wisconsin her home, Stephanie's musical journey started with mastering the piano at a very young age. Her teenage years keep her busy, writing and recording original songs and performing energetic live shows in and around Metro Milwaukee. You will discover that Stephanie is passionate about her music and set on making a name for herself.

The future holds great promise as Stephanie goes into the studio to record her first Studio Album with new material and under the direction of producer Tony Schueller of [Anton Music Productions](#). Watch for her newly revised website, artist photos, newsletter, upcoming tour dates and the announcement of her Kickstarter Fan Funding Project. Plans are underway for an exciting CD release concert in early Summer 2013!

Inspired by many music legends such as Paul McCartney, Elton John, The Eagles, and alt-rockers Regina Spektor and The Avette Brothers, her music is rich and mature.

"I love to compose original songs that are meaningful," says Brill. Depending on her mood her music can be humorous, about love, friendships, and poverty or summer memories. Stephanie's music makes a difference in peoples' lives and it will inspire you!
